

# CNC & Cutting Tech & Material

Technology	Bed Sizes	Materials
Laser Cutting, Water Jet Cutting, Press Braking, CNC Machining	Laser Cutting: up to 20m x 3.2m; Water Jet Cutting: up to 200mm thick	Various materials
Laser Cutting, Plasma Cutting, Water Jet Cutting	Laser Cutting: up to 4m x 2m; Plasma Cutting: up to 6m x 3m; Water Jet Cutting: up to 4m x 2m, 200mm thick	Aluminium, all steels including stainless steel, armour plate, non-metallic materials such as glass and granite
Water Jet Cutting	Up to 9m x 4m	Wide range of materials
Plasma Cutting, Water Jet Cutting	Plasma Cutting: up to 12m x 3.5m, up to 40mm thick; Water Jet Cutting: Not specified	Various materials
